Objective:
A highly motivated first-year computing student with work experience, a passion for technology, and involvement in various activities. Seeking opportunities to apply technical skills and contribute to projects in the field.

Education:
[University Name]
[Degree Program: Bachelor of Science in Computing]
[Expected Graduation Year: YYYY]

Work Experience:
[Company Name]
[Job Title]
[Dates of Employment]
- Highlight key responsibilities and achievements relevant to the computing field.
- Emphasize technical skills and accomplishments.

[Company Name]
[Job Title]
[Dates of Employment]
- Describe work experience that showcases transferable skills and demonstrates a strong work ethic.

Projects:
- Mention any relevant projects or coursework that demonstrate technical skills and problem-solving abilities.

Technology Events and Hackathons:
- List technology events and hackathons attended, including any notable projects or awards received.
- Highlight skills, teamwork, and problem-solving abilities developed through participation.

Volunteer Experience:
- Describe any volunteering activities related to the computing field or technology community involvement.
- Emphasize teamwork, leadership, and communication skills.

Skills:
- Programming languages: [List relevant programming languages and technologies]
- Tools and frameworks: [List relevant tools and frameworks]
- Databases: [List relevant databases]
- Operating systems: [List relevant operating systems]
- Other relevant skills: [List any additional skills relevant to computing]

Hobbies and Interests:
- Sports: [Mention specific sports activities or teams involved in]
- Gym: [Describe fitness activities and dedication]

- Reading: [Specify favorite genres or recent books read]
- Music: [Mention musical instruments played or favorite genres]
